Virtual Exchange for Intercultural Language Learning and Teaching

Fostering Communication for the Digital Age

Edited by Anthippi Potolia, University of Paris 8, France and Martine Derivry-Plard, University of Bordeaux, France

Featuring contributions from Richard Kern, Anthony J. Liddicoat, and Geneviève Zarate

This book illustrates new virtual intercultural practices for language learning from primary to tertiary education and highlights the transversality of these practices throughout the language curriculum. Going beyond strict polarised views on the technology or humanistic approaches, this book presents a more nuanced, interrelated stance and will appeal to researchers, scholars, post graduate students and teachers in applied linguistics, language learning and teaching, education, information studies, cultural studies and intercultural communication.
