

INVITATION

for participation in an international conference on the teaching of languages for specific purposes, organised by the Institute of Applied Linguistics UAM and the LSP Teacher Education Online Course for Professional Development Consortium

LSP teaching - current research trends, desiderata, research perspectives

Poznań, 05-06.07.2023

The conference is addressed to both theoreticians and practitioners in the field of specialist language teaching. We invite interested scholars, teachers, instructors and students to submit proposals for talks, including:

- pathways of LSP teacher education offered at your universities;
- modern methods of specialised language education;
- development of specific skills and strategies in LSP classes;
- teaching techniques and tools used in LSP;
- evaluation and assessment in LSP;
- the role of new media in the LSP teaching.

Key information:

Language: The conference languages are English, German and Polish.

Applications: We kindly ask you to submit your application for participation in the conference, the topic of your planned talk and an abstract (maximum 600 characters, excluding key words and references) **by 15.05.2023** via the form available at the following link: [Registration form / Anmeldeformular / Formularz rejestracyjny \(google.com\)](#)

Abstracts will be peer reviewed, and acceptance notification will be emailed by **30.05.2023**.

Conference venue: Collegium Novum, Institute of Applied Linguistics, Adam Mickiewicz University in Poznań, Al. Niepodległości 4, 61-713 Poznań

Mode: on site

Conference fee: no fee, but limited places availability (presentation slots will be filled in on a first-come, first-served basis).

One author can deliver only one paper. The available time for presentation is 15 min plus 5 min discussion. A certificate of attendance will be granted.

Contact: lspteoc.poland@gmail.com

Post-conference publication: conference participants will have a choice of publication in the journal *Glottodidactica* (indexed in the Scopus database) or in the high-scoring journal *Vandenhoeck&Ruprecht*
